

# Our priority is your safety

## NOTICE TO ALL OUR GUESTS

In our facility, we are using air purifiers and a hospital-grade filtration system to ensure safety.

You would be required to undergo temperature check before entering the restaurant.

Please wear your facemask until you get to your table and put it back before leaving your table.

Please sanitize your hands before entering the restaurant.

Bathroom facilities are completely touchless. Paper towel and soap dispensers have been put in place for your safety.

Our employees are undergoing temperature checks before their shifts daily.

Sanitizing mats have been placed at the entrance of the restaurant to ensure cleanliness of the facility.

Chairs and tables are being sanitized between seatings.

Your plate and utensils will come to the table pre-wrapped, sanitized, and sealed for your safety and convenience.

The entire restaurant is being sanitized twice daily with a disinfectant fogger machine.

Please maintain social distancing when not seated.
